SUN MALABAR GENERAL TRADING L.L.C

Team Effort in Infrastructure

Established in 1992 to conceptualize, invest, develop and maintain hi-tech industrial infrastructure globally, Sun Malabar General Trading LLC (SMGT) defines and symbolizes an integrated and synergized approach in its every service and quality aspect.

SMGT fully understands the complexities of the different contracting models such as ECI, EPC, EPCM, Design & Construct and Construct-Only-Procurement routes used globally by public and private sector clients across a wide range of sectors such as:

- Rail
- Airports
- Marine facilities & Ports
- Water & Waste Water networks
- Power generation & distribution
- Roads & Bridges
- Mining & Minerals handling
- Oil & Gas
- Highways
- Bridges & Tunnels

WHY SMGT?

SMGT is a professionally managed company leaning towards a customer-centric approach. Its structure and organizational set-up is designed to provide the best and most reliable service.

With an increasing focus on providing industrial and urban infrastructure that is delivered to a higher quality, faster and at less cost, SMGT provides innovative processes and procedures to streamline and enhance construction projects through our world class programme quality management system, incorporating an effective toolkit for de-risking a project through a set of standards and procedures that maximize performance.

SMGT has been delivering landmark projects since 1992, providing superior levels of control through ownership of extensive plant and equipment capabilities, and our highly-skilled direct workforce.

This ensures projects stay on the critical path to completion avoiding costly delays and over-runs. We manage infrastructure projects with a proven track record of delivering in challenging environments.

The transparent and flexible approach of SMGT further corroborates its ability to develop and work within the right contracting model to suit the particular project needs of the client.

SMGT is the reliable partner for the construction process in all phases of the project. We are at par with the international Contracting and Petrochemical Companies all over the GCC countries.

SMGT gives great emphasis on product quality and rigorously adhere to quality assurance policy. The manufacturing facility is dedicated to the supply of its products to all operational locations. All our products are manufactured under strict compliance to the companies Quality Management System in our own factories in India and China.

SMGT ensures quick process and state-of-the-art technical support, thereby proving to be the best business associate for our clients. Timely and prompt action and delivery clean and conducive work environment, a highly motivated workforce and Single Point of Contact for all needs, enables SMGT delivers the best.

With a collective experience of managing and developing infrastructure industrial projects, commercial and office spaces across the UAE, SMGT has garnered much praise and several accolades for its achievements. With an in-house sustainability cell and in-depth knowledge of all project aspects, SMGT is undoubtedly a global force to reckon with.
